>>VINT CERF: The Americans would say we table it. But it's okay. I think we get the point. That's a very good idea. Thank you, Counselor.

So at this point, without objection, the resolution is adjourned or tabled until Los Angeles.

Thank you, sir. Much appreciated.

Last item on the agenda is a thank you to the staff, the scribes, event teams, and local hosts.

And after I have completed reading this particular resolution, I'm going to ask our local host, Oscar Moreno, to join us on the stage so he can assist in making thanks to the local sponsors.

So I'd like to assemble all of that together. So when I complete the reading of this, I would ask that you withhold your frenetic applause until we get Oscar up here in order to thank everyone.

But for the record, the board wishes to extend its thanks to the Gauss Research Laboratory and its Managing Director, Dr. Oscar Moreno, for hosting the ICANN meeting.

The board would also like to thank Meredith Atwell Baker the deputy assistant secretary of the Department of the Commerce; Brad Weiner, Dean of the faculty of Natural Sciences at the University of Puerto Rico; Boris Jaskille, Executive Director of the Puerto Rico Industrial Development Company; and Bernadette Lewis, Secretary General of the Secretariat of the Caribbean Telecommunications Union, for participating in the welcome ceremony.

The board also thanks those who worked with the local hosts to make this a successful meeting.

The board expresses its appreciation to the scribes, Laura Brewer, Teri Darrenougue, Jennifer Schuck and Charles Motter, to ICANN staff present here in San Juan, and to the rest of the ICANN staff for their efforts in facilitating the smooth operation of the meeting.

The board also wishes to express its appreciation to all the Gauss Research Laboratory staff and the students of the University of Puerto Rico for support of meeting arrangements, Centennial Communications and JW Technology Service for bandwidth and wireless support; Media Stage, Incorporated, for audio/visual support; Sizzling Ideas Event Designers and ICCS for staging and setups.

And additional thanks to the Caribe Hilton for this fine facility and to their event facilities and support.

And now I would like Oscar to please join me on the stage if he would help me in giving thanks to the local sponsors.

You need a microphone.

Come up on the stage here.

There you go.

>>OSCAR MORENO: Yes, I want to thank actually, first of all, ICANN for their helping making -- realize this conference. And in particular, in ICANN I would like to thank Dr. Cerf, Dr. Paul Twomey, and all the staff.

Furthermore, second I would like to thank the participants of this community for their kindness throughout this week.

Third, I would like to thank the sponsors, and in particular, they are Centennial, dot US, cira, Afiliadas, VeriSign, dot org, DENIC, JW, dot mobi, PRIDCO, the Puerto Rican Tourism Company, InterNetX, LogicBoxes, Skenzo, MarkMonitor, Junta Reglamentadora de Telecomunicaciones, nicMX, Domain Distribution, dot EH, IBM, Lenovo, and AgroExport.

So I would like to thank all the staff from the Gauss Research Laboratory as well as dot PR and also the students of the University of Puerto Rico for their help.

And then so I guess that's all.

Thank you very much to all of you

[ Applause ]

>>VINT CERF: This is a little something to thank you for an endless amount of work.

Thank you.

[ Applause ]

>>VINT CERF: Well, and that, ladies and gentlemen, completes this board meeting in Puerto Rico.

We look forward to seeing you all of you in Los Angeles, and before that, of course, on the net.

This meeting is adjourned.

(11:02 p.m.)
